Middle Years:

Elmer Fudd decided to grow a garden so he could make salad.

He wants to make it 10.1 m long and 4.2 m wide.

However, in order to avoid Bugs Bunny from entering his garden he must make a fence surrounding the garden.

He decides to make the fence 11.2 m long and 5.0 m wide.

What is the area between the fence and the garden?

Family Fun Activity

Obstacle Course: Set up an obstacle course in your backyard. Using things like hula hoops and skipping ropes, create an outdoor obstacle course in which you can compete with each other for the best time. This is not only a fun activity but also a great way to provide exercise for the whole family.

Due: Friday 29th July
